AIR RESOURCES BOARD

EXECUTIVE ORDER D-214-3
Relating to Exemptions Under Section 27156
of the Vehicle Code

UNIVERSAL DIESEL PRODUCTS, INCORPORATED
UNIVERSAL DIESEL LIQUEFIER

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-5;

IT IS ORDERED AND RESOLVED: That the installation of the Universal Diesel Liquefier manufactured by Universal Diesel Products, Inc. of 165A Old Vernon Road, Kelowna, British Columbia, Canada V1X 4R3 has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for all 1995 and older model-year heavy-duty diesel vehicles with engine ratings up to 600 horsepower. All installations of the Universal Diesel Liquefier on electronic vehicles must be accompanied by the installation of an in-line thermostat (ACV-3650) to ensure manufacturer guidelines for maximum fuel temperature.

This Executive Order is valid provided that installation instructions for the liquefier as well as the thermostat will not recommend tuning the vehicle to specifications different from those submitted by the vehicle manufacturer.

Changes made to the design or operating conditions of the device, as exempted by the Air Resources Board, which adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of this device using any identification other than that shown in this Executive Order does not constitute any opinion as to the effect that the use of this device may have on any warranty either expressed or implied by the vehicle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF UNIVERSAL DIESEL PRODUCTS, INC.'S UNIVERSAL DIESEL LIQUEFIER.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Section 17500 of the Business and Professions Code makes untrue or misleading advertising unlawful, and Section 17534 makes violation punishable as a misdemeanor.

Section 43644 of the Health and Safety Code provides as follows:

"43644. (a) No person shall install, sell, offer for sale, or advertise, or, except in an application to the state board for certification of a device, represent any device as a motor vehicle pollution control device for use on any used motor vehicle unless that device has been certified by the state board. No person shall sell, offer for sale, advertise, or represent any motor vehicle pollution control device as a certified device which, in fact, is not a certified device. Any violation of this subdivision is a misdemeanor."

Any apparent violation of the conditions of this Executive Order will be submitted to the Attorney General of California for such action as he deems advisable.

Executed at El Monte, California this 7th day of February, 1995.
